

# The Chronicle

*Aston Abbots Parish Magazine*

*Issue No. 169 June 1998*

*Editorial-----Friday 22nd  
May 1998.*

Rather a thin Chronicle this month since I haven't received a great deal of copy. The school (Waddesdon who kindly do our printing) breaks up today the 22nd and so I have had to go to print this afternoon which means articles etc. received late could not be accommodated. In addition, since Rita and I will be away on our holiday the following week delivery to you will be late. Sorry to all those who will have been waiting anxiously by their front gates to receive it!!!

Next month's Chronicle will be a combined July and August issue so could all contributors please note. It will also be the last issue I will edit although I will still continue to submit articles etc. So far there have (as far as I am aware) been no firm offers to take on the role of editor and therefor I conclude that next month's will be the last.

If no one person wishes to 'take it on' there are other options. For example a group of volunteers could arrange to take it in turns to edit each issue; much the same as they do in Cublington. Alternatively, several people could get together and each take responsibility for small elements; breaking down the various tasks involved in what ever way they felt they wanted to manage. Perhaps it is time to re-instate the 'Friends of The Chronicle'. There must be many other ways of managing the production of a village magazine but a prerequisite is that the village in question actually wants one. Do you??

And finally! Very many thanks to those who responded to the note in last month's Chronicle asking for volunteers to help with cutting the Churchyard grass. Many hands make light work and so keeping the church looking nice should be less of 'a chore'.

Whilst on the subject of grass, several people have commented to me just how nice the green and surrounded verges are looking at present. Who knows? If this keeps up and with a little effort all round perhaps we could win The Best Kept village competition again. Well done all the 'grass cutters'.

## THE MILLENNIUM - THE YEAR 2000

It may seem a long way off at the moment, but time has a habit of rushing by. As a villager and part of the community, do you feel that Aston Abbotts should celebrate the occasion in some way - perhaps a street party? Let us have your comments or suggestions.

*Ray and Jackie*

## WELCOME BACK

Welcome back to Elsie Higgs who is safely back home after a major knee operation. We all wish you a speedy and full recovery Elsie.

## Whoops!!

Sorry to hear about the accident with the 'bill hook' which left your finger so badly damaged Mike. Always remember the grassy bits are the green ones and the bits to avoid hitting are pink!!

Best wishes for a speedy recovery

## Best Wishes

We were all very sorry indeed to hear that you were recently 'laid low' Vic and wish you a full and rapid recovery.

## Ta-ever-so!!

On behalf of our feathered girls and boys - the ducks and chickens - many thanks for all the goodies that we find on the doorstep from time to time. Your kindness is greatly appreciated.

# St. George's Night Dinner

As promised in last month's Chronicle here are a few photos' taken at the St George's day dinner. The originals, taken by Jackie Coates were rather better than those appearing here who's quality has been dictated by the limitations of my computer.

At the top is a picture of one of the two tables prior to the meal being served. Below are John Whyte, Andi Swain Jack Rennie and Paul Williams 'singing in' the baron of beef accompanied by Nigel Palmer on key board.

And finally! everybody doing what they came to do which was to 'tuck in' and (judging from the bottles on this table) thoroughly enjoy themselves.

*P.S. It's rather appropriate that Nigel should be in the foreground of this photo since his letter, published in The Buck's Herald pointed out that contrary to previous correspondence in the Herald, here was a village which celebrated St. George's day with some enthusiasm.*

## RECTOR'S REPORT - JUNE 1998

In May each year there is an exhibition of Christian Resources which usually takes place over about three days down in Surrey. Each year I plan to go and, each year, for one reason or another, I do not go. This year was no exception but I have the same sense of frustration, thinking that really I should have gone.

By all accounts, the exhibition is a bit like the Ideal Home Show, except that it is all to do with churches. It has everything that might conceivably be wanted, from hymnbooks to heating, insurance, books, Bible study material, sound systems, church charities and, inevitably, computer software.

It seems such a good idea and well worth a day out to catch up with the latest ideas. And, when you consider that it is not an exclusively Church of England exhibition but spans all the Christian denominations, then it seems to be an even better idea, yet I always seem to miss it!

But, perhaps this is a good thing because, if I came back full of trendy ideas, having seen all these new gadgets and gizmos to make life easier for the Church, I think that I would end up very frustrated. After all, most of the problems in the Church are not capable of being sorted out by buying the latest gadget. The situation is no different from our ordinary everyday lives where in the back of the cupboard we have the thing that looked as though it was going to be the answer to all our prayers, but experience showed us otherwise.

There are many good and useful things that we shall need to consider - gadgets which will help us with our problems - but we need to think very carefully before we invest in them. There are other problems in the Church which will probably resolve themselves without our interference over a period of time, even though they seem to be rather a nuisance at the moment. Then there are the problems which can only be resolved by making sure that we do the hard work involved in doing a thorough job.

Every five years all Churches are inspected by their architect and that tells us which jobs we need to be tackling as priorities as far as the building is concerned. However,

there are also other areas where we need to invest for the future - organs need to be overhauled periodically, heating systems need upgrading, new technology brings more effective and efficient ways of lighting the Church. We need to consider access for the disabled and amplification systems for the hard of hearing, and so on.

Maybe I should have gone after all - must try again next year!

*Bob Willmott*

# SCHOOL BITS & PIECES

## WINGRAVE SCHOOL NEWS.

To all parents,

### WINGRAVE C.E. COMBINED SCHOOL

We would like to draw your attention to the following guidelines issued by County regarding Admissions to Primary Schools in Buckinghamshire 1998-99

"It is no longer possible to guarantee a place for a child at his or her reserved area school if the parent or guardian has not expressed a preference for the child to attend that school. All of the children whose parents/guardians have expressed a preference for a school must be considered for places before we can consider children with no expressed preference for a place at the school."

We would therefore request that if you wish your child to attend Wingrave School you ring the school and give them your child's name as soon as possible. If we do not receive a completed preference form by the required date it will no longer be possible to guarantee your child a place at this school even if you live within the reserved area for the school.

Please ring the Secretary on 01296 631436 and give your details.

# **FETE - 98**

*Saturday 25th July*

Preparations are once again under way to ensure this year's Fete is a great success. The Fete 'committee' (mostly press ganged 'volunteers') have started beavering away to organise this popular event and after only the second meeting it is clear that (if the weather is kind to us) it should be at least as good as last year's.

It has already been confirmed that both The Green and the Grove will be needed to house all the events and stalls. The church will be decorated in the manner of a flower festival, teas and refreshments served in the church room and the Bull & butcher will be open 'all day'. In addition, entertainment for all ages is being arranged and will include:-

A barbecue, skittles, Tractor pull, tombola, pony rides, gifts, plant sales, bric-a-brac, barrel organ, Morris dancers, birds of prey, train rides, rare breeds, coconut shy, rides in a genuine 30's model 'T' Ford and many more attractions.

*However, we need lots of help to make this years Fete an even bigger success than last year.*

*If you would like to help on the day or run (or help to run) a stall/ games, please come along to the next Fete meeting at The Old House on Wed. 17th June at 8.00pm. or contact Barbara, David or myself.*

*We also need the young people to organise and run their own stall/games since they were extremely popular last year.*

*If you are unable to help on the day could you please donate a tombola prize, bric-a-brac, books, or plants*

## **TONY'S SPORTS COLUMN**

The end of the season finally came round and we needed to win our latest game to stay in 4th place in the league and also stay ahead of The Royal Oak. The players responded well by beating The Swan at Westcott 6-2 playing away. Well done team.

On Wednesday the 20th May there was a presentation night which included a 'singles knockout' cup match at The Swan & Castle Quainton.. Dean Wiggett represented The Bull & butcher. He did very well by getting right through to the final only to lose 2-1 to pick up the runners up trophy. This should look good on his new mantelpiece with the doubles winners trophy he collected with Lol on the same night. All in all a very enjoyable evening. I should like to thank all the players for a very good effort throughout the season and with a bit of luck we hope to do even better next year.

*Tony*

## **The Bull Monty Lives On!**

It was recently reported by a reliable source that a video of 'The Monty' as performed here just after Christmas, is now being used by at least one DJ. around Bucks; if not further a-field. Since we feel entitled to royalties would anyone having details of the DJ in question or information as to how the video came into his possession please advise any member of the 630 Club.
